

# The Guinness Collection at Morris Museum Exhibition Prospectus

## A timeless CACHE movements OF KINETIC ART

### ***A Cache of Kinetic Art: Timeless Movements*** **March 12 – July 11, 2021**

A four-year series  
featuring a variety of themes,  
*A Cache of Kinetic Art* exhibition  
debuted in March 2018

Founded in 1913, Morris Museum is a family-friendly, vibrant cultural center connecting people to the arts, sciences, and humanities. Within a 4,300 square foot gallery, one of the finest and most important collections of its kind is featured in an interactive exhibition:

#### **The Guinness Collection of Mechanical Musical Instruments & Automata**

More than 150 pieces from this extraordinary collection takes you on a journey through the history of on-demand musical and visual entertainment, while Viewable Storage provides broader access to the balance of collection.

- Ⓢ *A Cache of Kinetic Art* was developed as a 4-year project, and is divided into four theme areas:
  - *Curious Characters*, 2018
  - *Simply Steampunk*, 2019
  - *Tiny Intricacies*, 2020
  - ***Timeless Movements*, 2021**
  
- Ⓢ *Timeless Movements* pursues the goal of featuring the creative energy and vitality of kineticism. This exhibition focuses on contemporary interpretations of 19<sup>th</sup> century mechanical music, automata, and the art of timekeeping fully embracing advances in both machine and digital technology. Juxtaposing the technical ingenuity and functionality of a bygone era, this exhibition invites innovative engineering, design, and imagination of present-day artisans to present differing perceptions of time and space.
  
- Ⓢ Open to all artists, Morris Museum seeks artistic builders of kinetic works who are challenged to meet the above goal. By drawing attention to both *Timeless Movements* and the Guinness Collection, visitors gain a fresh awareness and appreciation of this unique art form.
